

ORGANIZATION OF CLASSES DURING THE 1ST SEMESTER OF 2021/2022 ACADEMIC YEAR AT SWPS UNIVERSITY

Due to continued coronavirus restrictions and to ensure the health and safety of our students and academic staff, **during the first semester of the 2021/2022 academic year classes may be delivered in one of the four following formats.** Below, we present a general overview of class organization per program of study.

- Classes on campus – all students attend classes on campus at SWPS University
- Online learning – classes take place entirely online
- Hybrid format – some classes will be delivered on campus and some online, so you need to be in Poland during the semester
- Hyflex format – students in a given class are divided into groups; on campus lectures are delivered to some in-class students while the remaining students join online; there is a group rotation schedule so that all students have an opportunity to attend some classes on campus. Therefore, you need to be in Poland during the semester.

The class format is subject to changing pandemic circumstances and government regulations and may change accordingly prior to or during the academic year.

If you have any questions, please contact:

- Admissions Office at admissions@swps.edu.pl – **candidates and incoming 1st year students only**
- Center for Student Affairs via Virtual University - all other students
